Description and Objective of the Scheme

16. The Scheme provides for, inter alia,
- I. The demerger of Power Business Undertaking of Jagdamba Power & Alloys Ltd, the Demerged Company into Godawari Power and Ispat Limited, Resulting Company
 - II. Various other matters consequential to or otherwise integrally connected with the above.

The proposal is to be implemented in terms of the Scheme under Sections 230 - 232 of the Act.

17. The objective is stated in Clause C of the Scheme and is as under:

The demerger of Power Business Undertaking (*defined hereinafter*) of the Demerged Company into Resulting Company would *inter alia* have the following benefits:

- a. With the complete integration of the Demerged Undertaking with Resulting Company, the captive power generation capacity of the Resulting Company will stand enhanced to 98 MW and thereby availability of much needed additional 25MW of power capacity, to meet the shortfall of electricity requirement of Resulting Company, assuring uninterrupted power supply to its steel making units at competitive cost, leading to increase in capacity utilisation of its steel melting plant and cost savings through operating leverage. It is pertinent to mention that no fresh coal based power generation capacity addition is allowed in the plant location of Resulting Company on account of environmental and pollution restriction and therefore the 25 MW power generation plant of Demerged Company is much required for smooth and efficient operations of the Steel Business Resulting Company.

power supply to its steel making units at competitive cost, leading to increase in capacity utilisation of its steel melting plant and cost savings through operating leverage. - e. Improved organisational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- f. Cost savings are expected to flow from more focused operational efforts, rationalization, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses.

JAGDAMBA POWER & ALLOYS LIMITED**Notes to the Interim condensed standalone financial statements****6. FINANCIAL INSTRUMENTS - ACCOUNTING CLASSIFICATIONS AND FAIR VALUE MEASUREMENTS**

The following methods and assumptions were used to estimate the fair values:

1. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short-term maturities of these instruments.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 : quoted (unadjusted) prices in active markets for identical assets or liabilities

Level 2 : other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3 : techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data

2. Data Obtained

- 2.1 We have called for and obtained such data, information, etc. as were necessary for the purpose of our assignment, which have been made available to us by the Managements. **Appendix A** hereto broadly summarizes the data obtained.
- 2.2 For the purpose of this assignment, we have relied on such data summarized in the said Appendix and other related information and explanations provided to us in this regard.

3. Approach to Valuation

- 3.1. It is universally recognized that valuation is not an exact science and that estimating values necessarily involves selecting a method or an approach that is suitable for the purpose.
- 3.2. It may be noted that the Institute of Chartered Accountants of India (ICAI) on June 10, 2018 has issued the ICAI Valuation Standards ("IVS") effective for all the valuation reports issued on or after July 1, 2018. The IVS is mandatory for a valuation done under the Companies Act, 2013, and recommendatory for valuation carried out under other statutes/ requirements. We have given due cognizance to the same in carrying out the valuation exercise.
- 3.3. For the purpose of arriving at the valuation, we have considered the valuation base as 'Fair Value'. Our valuation, and this Report, is based on the premise of 'going concern'. Any change in the valuation base, or the premise could have significant impact on the valuation exercise, and therefore, this Report.
- 3.4. IVS 301 on Business Valuations deals with valuation of a business and business ownership interest (i.e. it includes valuation of shares).
- 3.5. IVS 301 specifies that generally, the following three approaches for valuation of business/business ownership interest are used:
 - 3.5.1. Market Approach
 - 3.5.2. Earnings based Approach
 - 3.5.3. Cost Approach
- 3.6. The applicability of each of the above methods is discussed hereunder:

3.7. Market Price:

For GPIL:

- 3.7.1. This method involves determining the market price of an entity based on its traded price on the stock exchange over a reasonable period of time. For the purpose of GPIL, we have considered the Stock Exchange where the volume of shares traded is higher.
- 3.7.2. We have determined the market price of shares of GPIL based on weighted average price on NSE for an appropriate period.

For Power Division of JPAL:

- 3.7.3. As stated in para 1.3.1 above, the equity shares of JPAL are not listed on any stock exchange and therefore, this method cannot be used to derive the fair value of the Power Division of JPAL.

This report should be read with the limitations detailed herein under

3.8. Earnings Approach:

This method involves valuing an asset based on earnings of the company. We have used the Enterprise Value to Earnings before Interest Tax, Depreciation and Amortization Multiple ("EV/EBITDA Multiple") and the Price to Earnings Multiple ("P/E Multiple") of Comparable Companies to derive the value of GPIL and Power Division of JPAL under this method.

3.8.1. Under EV/EBITDA Approach:

For GPIL:

- 3.8.1.1. We have followed the following steps to derive the value of GPIL under EV/EBITDA approach:
- 3.8.1.2. We have considered the Profit before Tax ("PBT") for Trailing Twelve Months ("TTM") ended September 30, 2019 of GPIL and adjusted such profit for Non-operating and Non-recurring Expenses/Income for the period in order to arrive at the Adjusted Profit Before Tax ("Adjusted PBT")
- 3.8.1.3. The amount of Depreciation and Interest has been added to the Adjusted PBT arrived at above to compute Adjusted Earnings before Interest, Tax, Depreciation and Amortization ("Adjusted EBITDA") for TTM ended September 30, 2019 for GPIL.
- 3.8.1.4. We have computed the Market Capitalization of Comparable Companies in similar sphere of operations as GPIL ("Comparables") for an appropriate period as at the Valuation Date. Further, we have computed the Adjusted Market Capitalization of the Comparables by reducing the amount of cash and bank balances, other surplus assets and fair value of investments from the Market Capitalization ("Adjusted Market Capitalization").
- 3.8.1.5. We have then computed the EV/EBITDA multiple for Comparables. EV of the Comparables has been arrived at by adding the amount of debt, preference share capital and minority interest, if any, to the Adjusted Market Capitalization of the Comparables.
- 3.8.1.6. The EV/EBITDA multiple derived based on Comparables is applied to the Adjusted EBITDA of GPIL to arrive at the EV of GPIL.
- 3.8.1.7. The EV of GPIL so arrived at is reduced by the amount of borrowings as at the Valuation Date and increased by the amount of non-operating cash and bank balances and fair value of investments ("surplus assets") as on the Valuation Date to arrive at the Business Value.
- 3.8.1.8. It may be noted that the Management does not expect any contingent liability to crystallise. We have therefore, not made any adjustment on this account.

This report should be read with the limitations detailed herein under

7

- 3.8.1.9. This above arrived at Business Value is then divided by the total number of equity shares for arriving at the value per share of GPIL.

For Power Division JPAL:

- 3.8.1.10. We have followed the following steps to derive the value of Power Division of JPAL under EV/EBITDA approach:
- 3.8.1.11. We have considered the projected financial statements for the year ended March 31, 2021 provided by the management. We understand from the Management that earnings for the twelve-month period ended March 31, 2019 and March 31, 2020 are not reflective of its maintainable level as the plant was partly non-operational for the both the years due to maintenance work required at the plant. As per management estimate, the plant will be fully operational for the year ended March 31, 2021. We have therefore, considered the EBITDA for twelve months period ended March 31, 2021 as the maintainable level of EBITDA.
- 3.8.1.12. We have computed the Market Capitalization of Comparable Companies in similar sphere of operations as the Power Division of JPAL ("Comparables") for an appropriate period as at the Valuation Date. Further, we have computed the Adjusted Market Capitalization of the Comparables by reducing the amount of surplus assets from the Market Capitalization.
- 3.8.1.13. We have then computed the EV/EBITDA multiple for Comparables. EV of the Comparables has been arrived at by adding the amount of debt, preference share capital and minority interest, if any, to the Adjusted Market Capitalization of the Comparables. It may herein be noted that the EBITDA of Comparables is also based on FY 2020-2021 level (based on analyst reports) to capture the industry growth and to have a like to like comparison.
- 3.8.1.14. The EV/EBITDA multiple derived based on Comparables is applied to the EBITDA of Power Division of JPAL to arrive at the EV of Power Division of JPAL.
- 3.8.1.15. The EV so arrived at is increased by the surplus assets of Power Division of JPAL as on the Valuation Date to arrive at the Business Value of Power Division of JPAL.
- 3.8.1.16. It may be noted that the Management does not expect any contingent liability to crystallise. We have therefore, not made any adjustment on this account.
- 3.8.1.17. The Business Value as arrived at above is then divided by the total number of equity shares for arriving at the value per share of Power Division of JPAL.

3.8.2. Under P/E Approach:For GPIL:

- 3.8.2.1. We have followed the following steps to derive the value of GPIL under the P/E approach:
- 3.8.2.2. From the Adjusted PBT of GPIL, we have reduced the Income Tax amount to arrive at the Adjusted Profit after Tax ("Adjusted PAT").
- 3.8.2.3. We have computed the Market Capitalization of Comparables of GPIL for an appropriate period as at the Valuation Date. Further, we have computed the Adjusted Market Capitalization of the Comparables by reducing the surplus assets from the Market Capitalization.
- 3.8.2.4. We have then computed the P/E multiple for Comparables. The P/E multiple derived based on Comparables is applied to the Adjusted PAT of GPIL to arrive at the Business Value of GPIL.
- 3.8.2.5. The Business Value so arrived at is increased by the amount of surplus assets as on the Valuation Date to arrive at the Adjusted Business Value as at the Valuation Date.
- 3.8.2.6. It may be noted that the Management does not expect any contingent liability to crystallise. We have therefore, not made any adjustment on this account.
- 3.8.2.7. This Adjusted Business Value is then divided by the total number of equity shares for arriving at the value per share of GPIL.

For Power Division of JPAL:

- 3.8.2.8. We have followed the following steps to derive the value of Power Division of JPAL under the P/E approach:
- 3.8.2.9. As mentioned earlier in para 3.8.1.11, we have considered the PAT for twelve months period ended March 31, 2021 as the maintainable level of PAT.
- 3.8.2.10. We have computed the Market Capitalization of Comparables of Power Division of JPAL for an appropriate period as at the Valuation Date. Further, we have computed the Adjusted Market Capitalization of the Comparables by reducing the amount of surplus assets from the Market Capitalization.
- 3.8.2.11. We have then computed the P/E multiple for Comparables. It may herein be noted that the PAT of Comparables is also based on FY 2020-2021 level (based on analyst reports) to capture the industry growth and have a like to like comparison.

This report should be read with the limitations detailed herein under

9

- 3.8.2.12. The P/E multiple derived based on Comparables is applied to the PAT of Power Division of JPAL to arrive at the Business Value of the Power Division of JPAL.
- 3.8.2.13. The Business Value so arrived at is increased by the amount of surplus assets of the Power Division of JPAL as on the Valuation Date to arrive at the Adjusted Business Value as at the Valuation Date.
- 3.8.2.14. This Adjusted Business Value is then divided by the total number of equity shares for arriving at the value per share of Power Division of JPAL.
- 3.8.2.15. It may be noted that the Management does not expect any contingent liability to crystallise. We have therefore, not made any adjustment on this account.

3.8.3. Under PAT Capitalization Approach:

For GPIL

- 3.8.3.1. This is a valuation approach that converts maintainable or future amounts (e.g., cash flows or income and expenses) to a single current (i.e., discounted or capitalised) amount. It may be noted that the industry in which GPIL operates is a cyclical industry imposing difficulty on projecting the maintainable amount of income and expenses. Hence, we have not considered this approach for arriving at a value under PAT Capitalisation for GPIL.

For Power Division of JPAL

- 3.8.3.2. To derive the value under this approach, we have considered the Adjusted Profit after Tax arrived at P/E Approach above.
- 3.8.3.3. The adjusted PAT, as discussed above, is capitalized using the expected growth rate and cost of equity for JPAL to arrive at its Business Value.
- 3.8.3.4. The value so arrived at is increased by the amount of surplus assets as at the Valuation Date to arrive at the Adjusted Business Value. It may be noted that the Management does not expect any contingent liability to crystallise. We have therefore, not made any adjustment on this account.
- 3.8.3.5. We have divided the Adjusted Business Value as computed above by the divided by the total number of equity shares for arriving at the value per share of Power Division of JPAL.

3.9. Asset Based Approach:

For GPIL:

- 3.9.1. This approach involves determining the fair value of the company based on the assets of the company after applying a Price to Book Value Multiple ("P/B

This report should be read with the limitations detailed herein under

10

Multiple") observed from the listed comparable companies in the same industry. The broad steps adopted to arrive at a value under this approach are as under:

- 3.9.2. For the purpose of this approach, we have considered the latest Balance Sheet of GPIL as at September 30, 2019.
- 3.9.3. Based on these numbers, we have calculated the net worth of GPIL reduced by the amount of surplus assets.
- 3.9.4. Likewise, we have calculated net worth of listed companies operating in sector comparable to GPIL ("Comparables"). Thereafter, we have calculated the Market Capitalization of Comparables by using the same mechanism as discussed at para 3.8.1.4.
- 3.9.5. The amount so derived is adjusted for investments as per their balance sheets. The Adjusted Market Capitalization and the Net Worth of the Comparables form a basis to calculate the P/B Multiple for each of the Comparables.
- 3.9.6. We have then computed the average of the P/B Multiple calculated for each of the Comparables above, thus arriving at the Average P/B Multiple.
- 3.9.7. The Average P/B multiple, as calculated above, is applied to the net worth of the GPIL as on September 30, 2019, to arrive at the Business Value of GPIL.
- 3.9.8. Such Business Value is increased by the amount of surplus assets as on the Valuation Date to arrive at the Adjusted Business Value as at the Valuation Date.
- 3.9.9. The Adjusted Business Value arrived at above is divided by the number of issued, subscribed and fully paid-up equity shares to derive the value per share under this Approach.
- 3.9.10. It may be noted that the Management does not expect any contingent liability as likely to crystallise. We have therefore, not made any adjustment on this account.

For Power Division of JPAL:

- 3.9.11. As discussed earlier, this approach involves determining value of the company based on its asset base by applying a multiple based on comparable companies. However, it is understood from the Management that Power Division of JPAL was not carrying out operations from April 1, 2015 on account of non-availability of commercially viable tariff therefore there was delay in permission to connect the power plant of Power Division of JPAL to the steel plant of GPIL for direct supply of power directly without using the state grid. The permission has been received since October 2018. However, the plant has undergone several maintenance expenditure. Thus, its balance sheet is not considered comparable to the other companies in similar sphere of operations. Therefore, we have not considered the asset base approach to derive the value of Power Division of JPAL.

This report should be read with the limitations detailed herein under

3.10. Fair Value of GPIL

We have arrived at the fair value of the GPIL by applying higher weights to values computed under the Earnings Approach and the Market Value Approach and a lower weight to the value derived under the Asset Based Approach.

Attention may also be drawn to Regulation 158 of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulation") which specifies that preferential issue of equity shares to shareholders of an unlisted entity pursuant to a National Company Law Tribunal approved scheme shall conform with the pricing provisions of preferential issue specified under Regulation 164 of the said regulations. Further, it may be noted that Regulation 164 specifies the base price for issue of shares on a preferential basis. In the Proposed Transaction, the Power Division of JPAL, being an unlisted entity is getting demerged into a listed entity. We have therefore, given due cognizance to the base price derived using the formula prescribed under ICDR Regulations after considering the fair value of Power Division of JPAL while determining the Share Allotment ratio.

We observe that the price derived under the ICDR Regulations is lower than the fair value per share of GPIL computed by us. Therefore, we have considered the fair value per share, as computed by us to determine the ratio of allotment of shares.

3.11. Fair Valuation of the Power Division of JPAL:

We have arrived at the fair value per share of Power Division of JPAL by giving equal weights to the values arrived at under the EV/EBITDA approach, P/E Approach, PAT Capitalisation.

4. Valuation and Conclusion

Based on the foregoing data, considerations and steps followed, in our opinion the share allotment ratio would be as follows:

"For every **140 (One hundred and Forty)** Equity shares of face and paid up value of Rs. 10/- (Ten) held in Power Division of JPAL, **89 (Eighty Nine)** Equity shares of face and paid up value of Rs. 10/- (Ten) in GPIL to be issued to the equity shareholders of Power Division of JPAL".

It may herein be noted that the Stock Exchanges have issued a Circular to the Listed Companies (e.g. BSE Circular LIST/COMP/02/2017-18 dated May 29, 2017) ("the Circular"), on advice by SEBI, laying down the format in which the valuation report shall display the workings, relative fair value per share and fair share exchange ratio. The disclosure in the format suggested by the stock exchange is as under:

4. **Rationale of the Scheme**

The demerger of power business undertaking of the Demerged Company into Resulting Company would *inter alia* have the following benefits:

- a. With the complete integration of the Demerged Undertaking with Resulting Company, the captive power generation capacity of the Resulting Company will stand enhanced to 98 MW and thereby availability of much needed additional 25MW of power capacity, to meet the shortfall of electricity requirement of Resulting Company, assuring uninterrupted power supply to its steel making units at competitive cost, leading to increase in capacity utilisation of its steel melting plant and cost savings through operating leverage. It is pertinent to mention that no fresh coal based power generation capacity addition is allowed in the plant location of Resulting Company on account of environmental and pollution restriction and therefore the 25 MW power generation plant of Demerged Company is much required for smooth and efficient operations of the Steel Business Resulting Company.
- b. The Demerged Company currently has business interest in diverse businesses such as Electricity, Investment & Financing activities and other allied activities. With a view to achieve greater management focus in other business activities, Demerged Company proposes to demerge its business interest in the Demerged Undertaking and vest the same in the Resulting Company.

- c. The consolidation of operations of the Power Business of Demerged Company and the Resulting Company by merging the Demerged Undertaking into Resulting Company, will lead to a more efficient utilisation of capital, administrative and operational rationalization and promote organisational efficiencies. It will help achieve cost efficiency that will enhance the financial efficiencies and help achieve economies of scale, reduction in overheads and improvement in various other operating parameters.
- d. Integration would result in maximising overall shareholder value, improving the competitive position and enabling to unlock the economic value of both the entities.
- e. Improved organisational capability and leadership, arising from the pooling of human capital who have the diverse skills, talent and vast experience to compete successfully in an increasingly competitive industry.
- f. Cost savings are expected to flow from more focused operational efforts, rationalization, standardisation and simplification of business processes, and the elimination of duplication, and rationalization of administrative expenses.

Accordingly, issuance of share pursuant to Section 230 to 232 read with Section 52 and 66 of the Companies Act, 2013, if the shares are issued to the shareholders of unlisted entity then the pricing conditions that apply to the preferential issue shall apply while calculating the price for share entitlement ratio.
- IV. Bansi S. Mehta & Co., Chartered Accountants have derived the fair value of the Resulting Company by applying higher weightage to Earnings and Market Value approach and lower weight to Assets Based Approach.
- V. However, the price derived under the ICDR Regulations was lower than the Fair Value per share. In view of the same the price considered for the swap ratio was Fair Value of Share pursuant to Regulation 158 of SEBI (ICDR) Regulations, 2018.
- VI. The fair value of the Shares of the Demerged Company has been arrived at by giving equal weightage to the values arrived at by EV/EBIDTA approach, PE approach and PAT Capitalization approach.

Independent Auditor's Report**To the Members of Godawari Power & Ispat Limited****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the standalone financial statements of **Godawari Power & Ispat Limited** ('the Company'), which comprise the balance sheet as at 31st March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Corporate Governance but does not include standalone financial statements and our auditors report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore key audit matters in our audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

INDEPENDENT AUDITOR'S REPORT**To the Members of Godawari Power and Ispat Limited****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of **Godawari Power and Ispat Limited** (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, which comprise the consolidated Balance Sheet as at March 31, 2021, and the consolidated statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Holding Company as at March 31, 2021, of consolidated profit (including total comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements / consolidated financial statements and on the other financial information of the subsidiaries, associates and joint ventures, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report and Corporate Governance but does not include consolidated financial statements and our auditors report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore key audit matters in our audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public benefits of such communication.

Other Matters

The consolidated financial statements also include the Group's share of net profit/(loss) of Rs. (48.19)lacs for the year ended 31st March, 2021, as considered in the consolidated financial statements, in respect of one associates and two joint ventures, whose financial statements have not been audited by us. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these jointly ventures and associates, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid jointly ventures and associates, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

Annexure –‘A’ to the Independent Auditors’ Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2021, we have audited the internal financial controls over financial reporting of Godawari Power & Ispat Limited (“the Holding Company”) and its subsidiary companies which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Control over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report but does not include financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure-A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Jagdamba Power & Alloys Limited** (the "Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

OBJECTS OF THE ISSUE

Rationale for demerger of Power Business Undertaking of the Demerged Company into Resulting Company

The demerger of Power Business Undertaking of the Demerged Company into Resulting Company would inter alia have the following benefits:

- With the complete integration of the Demerged Undertaking with Resulting Company, the captive power generation capacity of the Resulting Company will stand enhanced to 98 MW and thereby availability of much needed additional 25MW of power capacity, to meet the shortfall of electricity requirement of Resulting Company, assuring uninterrupted power supply to its steel making units at competitive cost, leading to increase in capacity utilisation of its steel melting plant and cost savings through operating leverage. It is pertinent to mention that no fresh coal based power generation capacity addition is allowed in the plant location of Resulting Company on account of environmental and pollution restriction and therefore the 25 MW power generation plant of Demerged Company is much required for smooth and efficient operations of the Steel Business Resulting Company.
- The Demerged Company currently has business interest in diverse businesses such as Electricity, Investment & Financing activities and other allied activities. With a view to achieve greater management focus in other business activities, Demerged Company proposes to demerge its business interest in the Demerged Undertaking and vest the same in the Resulting Company.
- Integration would result in maximising overall shareholder value, improvising the competitive position and enabling to unlock the economic value of both the entities.
